    b) **I have taught some classes of mathematics in PG-Zoology and Chemistry.**
35. SWOC analysis of the department and future plans:-

STRENGTH:-

(1) Student shows great interest in attending my class. I cover their basic knowledge of high-school after admission in UG classes. Though, their basic knowledge is poor.

(2) Because of that, the students of this rural area try to get good marks in the annual Exams. As an example:-In 2015-16 session; 03 out of 15 passed-students got >70%, 02 other get more than 60% marks in B.Sc.-III annual. Overall 16, out of 74 students appeared in first division. In B.Sc.-I Year 02 got more than 75%, 10 got more than 60%, and in B.Sc.-II 08 student got more than 60%.

WEAKNESS:-

(1) School level basic knowledge is poor. They do not consult reference book and read from guide.

(2) Since English knowledge is poor, so student can't benefit of reference books available in library

(3) There is no teaching-learning environment in the surrounding of student except in college.

OPPORTUNITIES:-

(1) Education campuses are very dense in this region.

(2) Other than Post-graduate courses in District place and Research courses in the Raipur university, 36 KM apart from Patan, the diploma course of one year PGDCA and two year M.Sc. course is available in this college.

(3) PG courses in so many subjects are available near 30 km of distance in Durg-Bhilai twin city and Raipur.

(4) Durg university, Ravishankar university are two universities. Further, one IIT, one IIIT, one agricultural university IGKVV, one Ravishankar university are available in Raipur about 36 KM distance. Further, one university (Durg), one Kamdhenu university, one technical university are available in Durg-Bhilai, 25 KM distance.

CHALLENGES:

(1) There is a challenge to overcome the weak base of mathematics and science from school level.

(2) Many students receive scholarship; it is challenge to purchase text-books from this money for himself.

    d) Laboratories: **Yes**

31. Number of students receiving financial assistance from college, University/ Government or other agencies:

As per govt. rules SC, ST, OBC and BPL student got scholarship, after applying online. Nearly 80% students got scholarship.

32. Details on student enrichment program (special lectures/workshop/seminar) with external expects:-

1. Model exam paper solved in classrooms.
2. In B.Sc.-I, basic knowledge was strengthened before usual classroom teaching to enhance student's basic level.
3. Extra classes are taken in mathematics.

33. Teaching method adopted to improve student learning:

1. Study material provided in pdf format.
2. Black-board teaching method.
3. Unit test, Quarterly Exam and model exam are conducted for internal quality improvement.
4. Question paper solving and problem removing exercises are conducted.

34. Participation in Institutional Social Responsibility (ISR) and extension activities:

RUSA extension activity organized in Demar, NSS-extension activity in village- Nawagaon

35. SWOC analysis of the department and future plans:-

STRENGTH:-

1. UG-mathematics is going well and the students are laborious.
2. Mathematics is a carrier oriented course.
3. Many students make carrier in tuition, coaching of competition exams, etc.

WEAKNESS:

1. Lack of teachers.
2. Lack of Post-graduate course in mathematics.
3. Lack of promotion of research work / activity to staff.

OPPORTUNITIES:

1. PG course is available in chemistry in this college. M.Sc. in physics, mathematics, statistics and other courses are available in near-about colleges and universities.
2. M.Sc. (Mathematics) classes may open in next year in college.

CHALLENGES:

1. To cover-up student's basic (school) level mathematics.
2. Need to appoint teacher from college according to syllabus to enhance the betterment of result.

1. **NSS awareness program was held in Jarway Tehsil Patan, and gave motivational lecture on this program on cleanliness of community.**
2. **Parent's Day meet held on 14.01.2019 and feedback form has been filled from parents.**

35. SWOC analysis of the department and future plans:-

STRENGTH:-

1. **The students are laborious.**
2. **Mathematics is a carrier oriented course.**
3. **Many students make their carrier in tuitions and coaching of competition exams.**
4. **They easily crack various Entrance exams and carrier making exams like SSC, PSC, Railway, Banking, VYAPAM, Entrance exams, as Numerical aptitude is necessary and basic subject .**

WEAKNESS:

1. **Lack of teachers.**

2. Students comes from rural area, and there is no environment of teaching/coaching of mathematics, competition exams and English language.

3. Lack of promotion of research work / activity to staff.

OPPORTUNITIES:

1. **PGDCA and M.Sc. (chemistry) course is available in this college. PG. course in physics, statistics, computer science and other courses are available in near colleges and universities.**

2. M.Sc. (Mathematics) classes has been open from this year 2017-18 in college.

CHALLENGES:

1. To cover-up student's basic (school) level mathematics. Basic knowledge is very poor.

2. Need to appoint temporary teachers from college according to syllabus to enhance the betterment of result.
